Monday 4 November

Building a foundation for urban planetary health science: strategic and methodological considerations in developing and managing large-scale research projects for real world impact (part 1)
09:00-13:00 SACE 1 - Xiamen University  Chair: D. Black
Building a foundation for urban planetary health science: strategic and methodological considerations in developing and managing large-scale research projects for real world impact
D. Black, M. Ezzati, M. French, G. Lovasi, J. Milner, H. Pineo, J. Siri*

Addressing children’s rights in urban areas-showcasing UNICEF’s strategic multi-sectoral approach to improving outcomes for children in urban areas
09:30-12:30 SACE 2 - Xiamen University  Chair: G. Mindra
Addressing children’s rights in urban areas-showcasing UNICEF’s strategic multi-sectoral approach to improving outcomes for children in urban areas
G. Mindra*, T. George, B. Agberemi, A. Wickham, A. Bose

Increase of healthcare provision in cities of the global south: An opportunity or a major risk for human Health?
09:30-12:30 SACE 4 - Xiamen University  Chair: P. Handschumacher
Increase of healthcare provision in cities of the global south: An opportunity or a major risk for human Health?
P. Handschumacher*, B. Nguendo Yongsi, J. Rouamba, G. Fauvel, A. Niang, H. Gurgel, G. Salem

Session Break
12:30-14:00

Building a foundation for urban planetary health science: strategic and methodological considerations in developing and managing large-scale research projects for real world impact (part 2)
14:00-17:00 SACE 1 - Xiamen University  Chair: D. Black

Implementing Urban and Territorial Planning through the ‘lens’ of Health
14:00-18:30 SACE 2 - Xiamen University  Chair: P. Carbajal and M. Grant
“Implementing Urban and Territorial Planning through the ‘lens’ of Health”
M. Grant*, R. Sietcheping, P. Carbajal, N. Roebbel, T. Herick

Joint pre-conference workshop of the ISUH African Research Workgroup and the Community Solutions Workgroup
14:00-18:30 SACE 3 - Xiamen University  Chair: S. Banarjee
Joint pre-conference workshop of the ISUH African Research Workgroup and the Community Solutions Workgroup.
S. Banarjee, B. MBeru, C. Kabaria*
Tuesday 5 November

Botnar Healthy Cities for Adolescents Global Learning Workshop
08:30-12:30 Peony Room 1 – Swiss Grand Hotel Chair: J. Das/L. Kasani

Introduction to Digital Public Health: mHealth and digital health interventions
09:30-12:30 SACE 1 - Xiamen University Chair: J. Mueller

Asian City Health: Spatial systems, spatial planning and spatial design
09:30-12:30 SACE 2 - Xiamen University Chair: J. Liu

GCRF Clean Environment and Planetary Health in Asia Network
09:30-12:30 SACE 4 - Xiamen University Chair: S. Vardoulakis

Application of neuroscience in urban planning and design. An introduction to the theory and practice of EEG experiment design, data collection, and analysis
09:30-12:30 SACE 5 - Xiamen University Chair: A. Olsze
